Dear Dr. Bernofsky:

I have read the material which you forwarded and I too am surprised at the enormous change in priority scores given by the two study sections. Hopefully it will be resolved to your satisfaction.

I tried to reach you by phone - but was unsuccessful, so I am sending you details as to our Council procedures for grant application.

A letter of inquiry received in the next week or so would be considered, and if encouraged would result in a request for a formal, relatively short, application, for which the next deadline is May 31 (plus 10 days in your case) for January 1, 1990 funding.

With best wishes,

Yours sincerely,

David Stone
